

# Czech Republic

**Ecology of Soil Microorganisms  
Prague, June 19-23, 2022**

**Petr Baldrian  
Ondrej Uhlík**

**Ecology of  
Soil Microorganisms**

The ISME community in the Czech Republic participated in the preparation of the conference, though ISME funds were not needed

What is notable: participants from East Europe at the ESM meeting 2015 – 30 persons, 2022 – 55 persons: the local community of microbial ecologists grows!
